

Dear Friend,

Thank you for your continued help and support for the ministries in Pakistan and Bangladesh. Recently, floods in Pakistan have been disastrous. The Provinces of KPK, Punjab and Sindh have been affected the most. Because of the floods, thousands of people lost their homes, belongings, and lives. Because of your prayers and support, our Pakistani pastors have been able to reach so many families that were affected by this flood. We have been able to give comfort by praying for them, and to provide food and other household items. Most importantly, our pastors have been able to share the gospel with thousands of families during this time. Thank you for being a part of our ministry in reaching the areas that have never been reached with the gospel in Pakistan and Bangladesh. God has turned this natural disaster into an opportunity to the lost for Jesus Christ.

Praise

For God's provision for food, clean water, beds, and other household items for the affected areas. So far, our Pakistani team has been able to help over 200 Christian families. These families had lost everything during in the floods. Our brothers have also been able to reach out to many Muslim families with the gospel. Please continue to pray for these areas where many people are still suffering without any help.

For God's provision for 10 motorcycles to provide needed transportation for our 10 new church planters. Our dear brothers are super excited to receive these motorcycles to use in serving Jesus Christ. Previously, our dear brothers had to walk hours to get to their ministry places. They are so thankful for God's provision. Motorcycles enable pastors to go from one ministry place to another quickly. Now with a motorcycle, they can expand their outreaches by going to more unreached areas.

For the evangelistic outreach in Kasur, Pakistan. Pastor Sohail and team have been working hard in several rural neighborhoods. By God's grace, they have been able to plant 2 new churches in the Kasur area. Please continue to pray for God's working in Kasur.

Pray

For God's continued provision for the people affected by the flood in Pakistan. Our team is working hard to reach as many families as possible. There are still many other families waiting for help. The government is doing very little to help the people. Please pray that God will meet their needs.

For God's work during the evangelistic meetings in Karachi. Pastor Inderyas will be leading this special outreach. Currently, the crime rate in Karachi is very high. In some areas of Karachi, it is unsafe to walk on road with any valuables. People leave all their valuable
